

NAVY LEAGUE OF THE UNITED STATES

Citizens in Support of the Sea Services

Palm Beach Council

www.navyleague-pbcouncil.org

Dear Navy League Members,

Happy New Year to every one of our wonderful members, and I hope you are enjoying the new year. The focus for myself this year will be keeping our mission areas in front of our members and others. As a reminder, our mission is to:

1. Support our sea services' active duty, reservists and their families.
2. Support our sea services' youth programs.
3. Educate our communities and elected leaders on the importance of a strong sea service(s).

At our January members' meeting, we had the honor of hosting a staff member from Rep. Lois Frankle's office and heard how Congresswoman Frankle supports our Sea Services.

Our next event will be held on February 8th, at Chesterfield Hotel, Palm Beach, 11:30-1:00pm. Please join me and hear from our youth leaders and the great work they are doing!

We have a robust and dynamic year of programs scheduled. Please review our 2018 calendar at the tab "Year at a Glance". No matter what challenges come our way as we continue to move forward and make progress, we'll remain diligent and work together as a team in support of our mission.

One Team – Mission Focused.

With great respect,

Steve Wiggins
Palm Beach Council President
