2016 Science Fair Awards

Middle School Winner Devin Willis
of A.D. Henderson MS

Bob Crippen, John Limoncelli, and Sue Comerford judged Middle School and High School projects in Physics, Engineering, Computer Sciences, Medicine and Behavioral Sciences.

The Palm Beach Council again provided volunteer judges for the Palm Beach County Regional Science and Engineering Fair held at the South Florida Fairgrounds December 15, 2016.

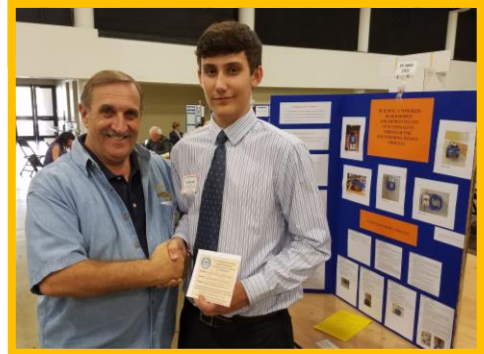

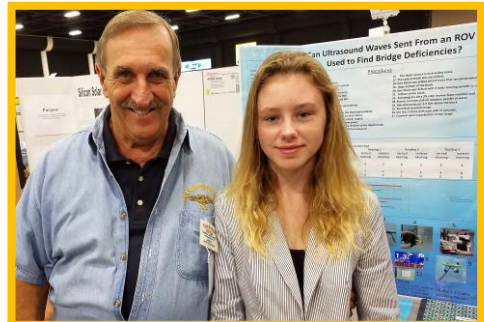

High School Winner Claudia Cabal of
Suncoast HS

In addition to providing seven hours of judging services to the county, the Palm Beach Council reps selected two High School projects for recognition by the Navy League for projects with potential naval application. The judges are shown with the selected winning students on the previous page.

Each winning student will receive a Navy League – Palm Beach Council Ullman Scholar award at the county-wide awards night in January.

This is the 3rd year for the Ullman Scholar awards; they are funded by friends and family of past Council President Keith Ullman and consist of a certificate and \$400 honorarium.

Council President Ken Lee also judged at the Science and Engineering Fair and selected two winning projects for recognition by the South Florida Submarine Veterans organization.

Thank you, judges, and thank you Ullman family. Along with the Sub Vets of South Florida we are the only military oriented organizations providing Science Fair performance awards, and we are given good recognition by the Science Fair leaders.
